Dear Minister Hunter,

Re: Support for Greenview Industrial Gateway Zone Designation

On behalf of the City of Grande Prairie, I am pleased to provide our support for the Municipal District of Greenview's application to designate the Greenview Industrial Gateway (GIG) as a Designated Industrial Zone.

The GIG represents a significant opportunity for coordinated regional growth. While located within the MD, its impact will extend across municipal boundaries, strengthening the broader regional economy through increased investment attraction, job creation and expanded supply chain opportunities.

We recognize the strong governance structure and long-term planning approach Greenview has established to support the GIG's development, as well as the financial and human resource commitments dedicated to ensuring its success. This level of preparation reflects a clear and responsible approach to managing growth.

The GIG aligns with shared regional priorities, particularly in supporting industrial development, enhancing competitiveness and positioning northwest Alberta to capitalize on emerging opportunities. Its development will contribute to a more resilient and diversified regional economy.

The City of Grande Prairie supports this redesignation and is confident in the Municipal District of Greenview's ability to effectively manage and grow the Greenview Industrial Gateway in a way that benefits the entire region.

Should you have any questions or require additional information, please do not hesitate to contact my office at 780-538-0300 or mayor@cityofgp.com.

Sincerely,

Jackie Clayton
Mayor, City of Grande Prairie
