Government of Alberta
Designated Industrial Zone (DIZ) Program
Edmonton, Alberta

RE: Letter of Support – Government of Alberta's DIZ Program

To Whom it May Concern,

On behalf of the County of Grande Prairie No.1, I am pleased to confirm our support for the Municipal District of Greenview's application to have the Greenview Industrial Gateway designated as a Designated Industrial Zone (DIZ) under the Government of Alberta's DIZ program.

The County recognizes the strategic importance of the Greenview Industrial Gateway as a key economic engine for the region and Northern Alberta. The proposed designation aligns strongly with the provincial objective to attract investment, support industrial expansion, strengthen supply chains and enhance Alberta's long-term economic competitiveness.

We acknowledge and have confidence in the Municipal District of Greenview's ability to responsibly govern and advance the Greenview Industrial Gateway. Greenview's established governance framework, commitment of financial and human resources, and dedicated focus on economic development demonstrate a strong foundation for the long-term operation of the Designated Industrial Zone.

The Greenview Industrial Gateway offers significant advantages, including its strategic location, strong transportation connectivity, availability of developable industrial land, and proximity to major resource and manufacturing activities. Designations as DIZ would further enhance the area's attractiveness to investors by supporting infrastructure development, reducing barriers to industrial growth, and enabling coordinated planning efforts between municipal and provincial partners.

The County of Grande Prairie No. 1 values the strong relationship we share with the Municipal District of Greenview and recognizes this application as an important step towards supporting sustainable industrial growth and long term regional economic resilience. We are pleased to endorse this application and look forward to continuing our collaboration.

Sincerely,

County of Grande Prairie No. 1
Reeve Amanda McDonald
County Manager Joulia Whittleton
